

Ella Craft

Student Teacher

My name is Gabriella Craft and I have been taking dance class on and off since I was age three, as my family moved around a lot when I was younger, but I have been able to study dance for seven years seriously and consistently. I trained at Kentucky Ballet Theatre from 2014 to 2019, where I was accepted into their pre-professional program. At Kentucky Ballet Theater I performed several times with their company, and I have attended three of their Summer Intensives, one of which I was able to train under one of the four jewels of Cuban Ballet, Aurora Bosch. From 2019 to present day, I have been training at and performing with Alexander Academy of Performing Arts, now as a Level 5 student. I have been trained in Classical Ballet, Contemporary, Character, various styles of Jazz, Salsa, and Modern. My passion is certainly Ballet and I'm so grateful to have the opportunity to teach the little Pre-Ballet. Teaching them is a joy in my life.
