

# FUNDRAISING & VOLUNTEERING

Part of a student's commitment to Alexander Academy includes volunteering to support the studio and our dancing 'Ohana's culture of collaboration. The collective contribution of our registered families to care for our studio space and participate in our fundraisers is as vital to the stability of the school as is paying tuition in a timely manner.

Every registered family with AAPA is expected to volunteer to help keep tuition costs low for everyone. We are grateful for all our registered families who respect this policy, as it is what makes us unique and fosters the warm and welcoming environment our students and families enjoy.

Examples of volunteer activities include:

- Car Wash Fundraiser
- Studio building maintenance
- Donation of supplies for fundraisers and year-round studio operations (car wash tools, concessions, paper towels, water, etc.)
- Cleaning
- Costuming
- Washing and organizing costumes
- Publicity
- Finding sponsors for productions
- Selling program advertisements for our annual productions.
- Spring Production help: including ushering, set up/break down, selling tickets, concessions, concession donations, backstage help, etc.

**Want to give more?** Work-Study participants work hand-in-hand with AAPA staff to support studio operations and achieve studio goals. We truly value the time, talent, and resources of our registered families as valuable contributions that strengthen our dance school.
